

## Fulcrum Therapeutics to Participate at the Leerink Partners Global Biopharma Conference

March 5, 2024 at 8:00 AM EST

CAMBRIDGE, Mass., March 05, 2024 (GLOBE NEWSWIRE) -- Fulcrum Therapeutics, Inc.<sup>®</sup> (the "Company") (Nasdaq: FULC), a clinical-stage biopharmaceutical company focused on developing small molecules to improve the lives of patients with genetically defined rare diseases, today announced that management will present a corporate overview at the Leerink Partners Global Biopharma Conference, being held in Miami, FL on Wednesday, March 13, 2024 at 9:20 a.m. ET. Management will also participate in one-on-one investor meetings.

The webcast of the presentation will be accessible [here](#) and by visiting the "Events and Presentations" section of Fulcrum Therapeutics' website at <https://ir.fulcrumtx.com/events-and-presentations>. A replay of the webcast will be available on Fulcrum Therapeutics' website for at least 30 days following the presentation.

### **About Fulcrum Therapeutics**

Fulcrum Therapeutics is a clinical-stage biopharmaceutical company focused on developing small molecules to improve the lives of patients with genetically defined rare diseases in areas of high unmet medical need. Fulcrum's two lead programs in clinical development are losmapimod, a small molecule in development for the treatment of facioscapulohumeral muscular dystrophy (FSHD), and pociredir (formerly known as FTX-6058), a small molecule designed to increase expression of fetal hemoglobin and in development for the treatment of sickle cell disease (SCD). Fulcrum uses proprietary technology to identify drug targets that can modulate gene expression to treat the known root cause of gene mis-expression.
