NOTICE OF 2024 ANNUAL MEETING OF STOCKHOLDERS

To Be Held on June 17, 2024

Dear Stockholders:

You are cordially invited to virtually attend the 2024 annual meeting of stockholders, or the Annual Meeting, of Fulcrum Therapeutics, Inc. The Annual Meeting will be held via the Internet at a virtual audio web conference at www.proxydocs.com/FULC on Monday, June 17, 2024 at 9:00 a.m., Eastern time.

Only stockholders who owned shares of our common stock at the close of business on April 18, 2024 are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof. At the Annual Meeting, the stockholders will consider and vote on the following matters:

1. Election of three Class II directors, James Collins, James Geraghty, and Alex Sapir, nominated by our board of directors, each to serve for a three-year term expiring at the 2027 annual meeting of stockholders;
2. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024; and
3. Transaction of any other business that may properly come before the Annual Meeting or any adjournment or postponement thereof.

The Annual Meeting will be a “virtual meeting” of stockholders, which will be conducted exclusively via the Internet at a virtual web conference. There will not be a physical meeting location, and stockholders will not be able to attend the Annual Meeting in person. This means that you can attend the Annual Meeting online, vote your shares during the online meeting and submit questions during and shortly before the online meeting. In order to attend the meeting and vote your shares electronically during the meeting, you must register in advance at www.proxydocs.com/FULC prior to the deadline of Sunday, June 16, 2024 at 11:59 p.m., Eastern time. Upon completing your registration, you will receive further instructions via email, including your unique links that will allow you to attend the Annual Meeting, vote your shares and submit questions. We believe that hosting a “virtual meeting” will enable greater stockholder attendance and participation from any location around the world.

You can find more information, including the nominees for director, in the proxy statement for the Annual Meeting, which is available for viewing, printing and downloading at www.proxydocs.com/FULC. The board of directors recommends that you vote “FOR” each of the Class II directors (Proposal 1), and “FOR” the ratification of the appointment of the proposed independent registered public accounting firm (Proposal 2) as outlined in the attached proxy statement.

We are pleased to comply with the rules of the Securities and Exchange Commission, or SEC, that allow companies to distribute their proxy materials over the Internet under the “notice and access” approach. As a result, we are sending to our stockholders a Notice of Internet Availability of Proxy Materials, or the Notice of Availability, instead of a paper copy of this proxy statement and our annual report for the fiscal year ended December 31, 2023, or the 2023 Annual Report.

We will mail the Notice of Availability on or about April 24, 2024, and the Notice of Availability contains instructions on how to access our proxy materials over the Internet. The Notice of Availability also contains

[Table of Contents](#)

instructions on how each of our stockholders can receive a paper copy of our proxy materials, including the proxy statement, our 2023 Annual Report, and a form of proxy card.

Your vote is important regardless of the number of shares you own. Whether or not you expect to virtually attend the Annual Meeting online, please vote your shares to ensure your representation and the presence of a quorum at the Annual Meeting. If you are a stockholder of record, you may vote your shares prior to the Annual Meeting on the Internet by visiting www.proxypush.com/FULC, by telephone by calling 866-390-9953 and following the recorded instructions, or by completing, signing, dating, and returning a proxy card. If you mail your proxy card or vote by telephone or the Internet and then decide to attend the Annual Meeting and vote your shares online during the Annual Meeting, you may still do so. Your proxy is revocable in accordance with the procedures set forth in the proxy statement.

If your shares are held in “street name,” that is, held for your account by a bank, broker or other nominee, you will receive instructions from the bank, broker or other nominee that you must follow for your shares to be voted. Stockholders that hold shares in “street name” must demonstrate proof of beneficial ownership to virtually attend the Annual Meeting and must obtain a legal proxy from their bank, broker or other nominee to vote during the Annual Meeting.

A list of stockholders as of the close of business on the record date will be available for examination by our stockholders of record during the Annual Meeting using the unique link provided via email following the completion of registration. Further information about how to register for the Annual Meeting, attend the Annual Meeting online, vote your shares and submit questions is included in the accompanying proxy statement.

By Order of the Board of Directors,

Alex C. Sapir
President and Chief Executive Officer

Cambridge, MA
April 19, 2024

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Purpose of the Annual Meeting

At the Annual Meeting, our stockholders will consider and vote on the following matters:

1. The election of three Class II directors, James Collins, James Geraghty, and Alex Sapir, nominated by our board of directors, each to serve for a three-year term expiring at the 2027 annual meeting of stockholders;
2. the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024; and
3. the transaction of any other business that may properly come before the annual meeting or any adjournment or postponement thereof.

As of the date of this proxy statement, we are not aware of any business to come before the meeting other than the first four items noted above.

Board of Directors Recommendation

Our board of directors unanimously recommends that you vote:

FOR the election of the three nominees to serve as Class II directors on our board of directors, each for a three- year term expiring at the 2027 annual meeting of stockholders;

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024.

Availability of Proxy Materials

The proxy materials, including this proxy statement, a proxy card and our 2023 Annual Report are available for viewing, printing and downloading on the Internet at www.proxydocs.com/FULC. If you would like to receive a paper copy of our proxy materials, you should follow the instructions for requesting paper materials in the Notice of Availability.

Who Can Vote at the Annual Meeting?

Only stockholders of record at the close of business on the record date of April 18, 2024 are entitled to receive notice of the Annual Meeting and to vote the shares of our common stock that they held on that date. As of April 18, 2024, there were 62,153,638 shares of our common stock issued and outstanding. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

Difference Between a “Stockholder of Record” and a Beneficial Owner of Shares Held in “Street Name”

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, then you are considered the “stockholder of record” of those shares. In this case, your Notice of Availability has been sent to you directly by us. You may vote your shares by proxy prior to the Annual Meeting by following the instructions contained in the Notice of Availability and in the section titled “How to Vote” below.

Beneficial Owner of Shares Held in Street Name. If your shares are held by a bank, broker or other nominee, then you are considered the beneficial owner of those shares, which are held in “street name.” In this case, your Notice of Availability will be sent to you by that organization. The organization holding your shares is

[Table of Contents](#)

considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to instruct that organization as to how to vote the shares held in your account by following the instructions contained on the voting instruction card provided to you by that organization.

Why Did I Receive a Notice in the Mail Regarding the Internet Availability of Proxy Materials instead of a Full Set of Proxy Materials?

We are pleased to comply with the SEC rules that allow companies to distribute their proxy materials over the Internet under the “notice and access” approach. As a result, we are sending our stockholders and beneficial owners of our common stock a copy of the Notice of Availability instead of paper copies of this proxy statement, our proxy card, and our 2023 Annual Report. We will send the Notice of Availability on or about April 24, 2024.

Detailed instructions on how to access these materials via the Internet may be found in the Notice of Availability. This proxy statement and our 2023 Annual Report are available for viewing, printing and downloading on the Internet at www.proxydocs.com/FULC.

Why is the Annual Meeting a Virtual, Online Meeting?

The Annual Meeting will be a virtual meeting of stockholders where stockholders will participate by accessing a website using the Internet. There will not be a physical meeting location. We believe that hosting a virtual meeting will facilitate stockholder attendance and participation at our Annual Meeting by enabling stockholders to safely participate from any location around the world. Our virtual meeting will be governed by our Rules of Conduct and Procedures, which will be posted at www.proxydocs.com/FULC in advance of the meeting. We have designed the virtual annual meeting to provide our stockholders with the same rights and opportunities to participate as stockholders would have at an in-person meeting, including the right to vote and ask questions during and shortly before the meeting through the virtual meeting platform.

How to Virtually Attend the Annual Meeting

The Annual Meeting will be a virtual meeting and you may not attend in person. In order to attend the meeting online, you must register in advance at www.proxydocs.com/FULC prior to the deadline of June 16, 2024 at 11:59 p.m., Eastern time. You may attend the Annual Meeting online by following the instructions that you will receive once your registration is complete.

Online registration for the Annual Meeting will begin on April 24, 2024, and you should allow ample time for the online registration. Upon completing your registration, you will receive further instructions via email, including your unique link that will allow you access to the meeting and you will have the ability to submit questions.

Please be sure to following the instructions you will receive once your registration is complete.

The Annual Meeting will start at 9:00 a.m., Eastern time, on June 17, 2024. You may log on to the virtual meeting starting one hour before it begins. We will have technicians standing by and ready to assist you with any technical difficulties you may have accessing the virtual meeting starting at 8:00 a.m., Eastern time, on June 17, 2024. If you encounter any difficulties accessing the virtual Annual Meeting, please contact technical support by following the instructions provided to you upon registration for the Annual Meeting.

How to Vote

If you are the stockholder of record of your shares, you can vote your shares by proxy prior to the Annual Meeting or online during the Annual Meeting. If you choose to vote by proxy prior to the Annual Meeting, you may do so by telephone, via the Internet or by mail as follows:

- *By Telephone Prior to the Annual Meeting.* You may transmit your proxy prior to the Annual Meeting over the phone by calling 866-390-9953 and following the instructions provided in the Notice of

[Table of Contents](#)

Availability and on the proxy card. You will need to have your Notice of Availability or proxy card in hand when you call.

- *Via the Internet Prior to the Annual Meeting.* You may transmit your proxy via the Internet prior to the Annual Meeting by following the instructions provided in the Notice of Availability and on the proxy card. You will need to have your Notice of Availability or proxy card in hand when you access the website. The website for voting is available at www.proxypush.com/FULC.
- *By Mail Prior to the Annual Meeting.* If you requested printed copies of proxy materials, you can vote by mailing your proxy card as described in the proxy materials.
- *Online during the Annual Meeting.* In order to attend the Annual Meeting online and vote online during the Annual Meeting, you must register in advance at www.proxydocs.com/FULC prior to the deadline of June 16, 2024 at 11:59 p.m., Eastern time. You may vote your shares online while virtually attending the Annual Meeting by following the instructions found on your Notice, proxy card and/or voting instruction form and subsequent instructions that will be delivered to you via email following your registration. If you vote by proxy prior to the Annual Meeting and choose to attend the Annual Meeting online, there is no need to vote again during the Annual Meeting unless you wish to change your vote.

Telephone and Internet voting for stockholders of record will be available until 11:59 p.m. Eastern time on June 14, 2024, and mailed proxy cards must be received by 11:59 p.m. Eastern time on June 14, 2024 in order to be counted at the Annual Meeting. If the Annual Meeting is adjourned or postponed, these deadlines may be extended.

If your shares are held in street name, your bank, broker or other nominee is required to vote the shares it holds on your behalf according to your instructions. The proxy materials, as well as voting and revocation instructions, should have been forwarded to you by the bank, broker or other nominee that holds your shares. In order to vote your shares you will need to follow the instructions that your bank, broker or other nominee provides you. The voting deadlines and availability of telephone and Internet voting for beneficial owners of shares held in “street name” will depend on the voting processes of the bank, broker or other nominee that holds your shares. Therefore, we urge you to carefully review and follow the voting instruction card and any other materials that you receive from that organization. If your shares are held in “street name”, you must demonstrate proof of beneficial ownership to virtually attend the Annual Meeting and must obtain a legal proxy from your bank, broker or other nominee to vote at the Annual Meeting. Only stockholders who have registered to attend the meeting by June 14, 2024 at 5:00 p.m., Eastern time, using the process described above may vote during the meeting. In addition, you will need your control number included on your Notice, proxy card or voting instruction form in order to demonstrate proof of beneficial ownership and to be able to vote during the Annual Meeting.

Even if you plan to attend the Annual Meeting online, we urge you to vote your shares by proxy in advance of the Annual Meeting so that if you should become unable to attend the Annual Meeting your shares will be voted as directed by you.

Can I Vote My Shares by Filling Out and Returning the Notice of Internet Availability of Proxy Materials?

No. The Notice of Availability and proxy card contain instructions on how to vote by proxy via the Internet, by telephone, by requesting and returning a paper proxy card, or by voting online while virtually attending the Annual Meeting.

How Do I Submit a Question at the Annual Meeting?

If you wish to submit a question during the Annual Meeting, beginning at 8:45 a.m., Eastern time, on June 17, 2024, you may log into, and submit a question on, the virtual meeting platform using the unique link provided to

[Table of Contents](#)

you via email following the completion of your registration at www.proxydocs.com/FULC, and follow the instructions there. Our virtual meeting will be governed by our Rules of Conduct and Procedures, which will be posted at www.proxydocs.com/FULC in advance of the Annual Meeting. The Rules of Conduct and Procedures will address the ability of stockholders to ask questions during the meeting, including rules on permissible topics, and rules for how questions and comments will be recognized and disclosed to meeting participants.

May I See a List of Stockholders Entitled to Vote as of the Record Date?

A list of stockholders as of the close of business on the record date will be available for examination by the stockholders during the Annual Meeting using the unique link provided via email following the completion of registration for the Annual Meeting. In addition, a list of our stockholders of record will be open for examination by any stockholder beginning ten days prior to the Annual Meeting. If you would like to view the list, please contact our corporate secretary to make arrangements by calling (617) 651-8851 or writing to our corporate secretary at 26 Landsdowne Street, Cambridge, Massachusetts 02139, Attention: Corporate Secretary.

Quorum

A quorum of stockholders is necessary to hold a valid meeting. Our amended and restated bylaws provide that a quorum will exist if holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the meeting are present at the meeting in person or by proxy. Shares that are represented virtually during the Annual Meeting will be considered shares of common stock represented in person at the meeting for purposes of determining whether a quorum is present. If a quorum is not present, we expect to adjourn the Annual Meeting until a quorum is obtained.

Abstentions and broker non-votes count as present for establishing a quorum but will not be counted as votes cast. Broker non-votes occur when your bank, broker or other nominee submits a proxy for your shares (because the bank, broker or other nominee has received instructions from you on one or more proposals, but not all proposals, or has not received instructions from you but is entitled to vote on a particular “discretionary” matter) but does not indicate a vote for a particular proposal because the bank, broker or other nominee either does not have the authority to vote on that proposal and has not received voting instructions from you or has discretionary authority but chooses not to exercise it.

Ballot Measures Considered “Discretionary” and “Non-Discretionary”

The election of directors (Proposal No. 1) is considered a non-discretionary matter under applicable rules. A bank, broker or other nominee cannot vote without instructions on non-discretionary matters, and therefore there may be broker non-votes on Proposal No. 1.

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024 (Proposal No. 2) is a matter considered discretionary under applicable rules. A bank, broker or other nominee generally may exercise discretionary authority and vote on discretionary matters. If they exercise this discretionary authority, no broker non-votes are expected in connection with Proposal No. 2.

Votes Required to Elect a Director and to Ratify Appointment of Ernst & Young LLP

A nominee will be elected as a director if the nominee receives a plurality of the votes cast by stockholders entitled to vote on the election (Proposal No. 1). Votes withheld and broker non-votes will not be counted as votes cast on Proposal No. 1. Accordingly, votes withheld and broker non-votes will have no effect on the voting on Proposal No. 1.

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024 requires the affirmative vote of a majority of the shares of common

[Table of Contents](#)

stock present or represented by proxy and voted “for” or “against” such matter (Proposal No. 2). Abstentions and broker non-votes will not be counted as votes cast or voted on Proposal No. 2. Accordingly, abstentions and broker non-votes will have no effect on the voting on Proposal No. 2.

Method of Counting Votes

Each holder of common stock is entitled to one vote at the Annual Meeting on each matter to come before the Annual Meeting, including the election of directors, for each share held by such stockholder as of the record date. Votes cast online during the Annual Meeting or by proxy by mail, via the Internet or by telephone will be tabulated by the inspector of election appointed for the Annual Meeting, who will also determine whether a quorum is present.

Revoking a Proxy; Changing Your Vote

If you are a stockholder of record, you may revoke your proxy and change your vote before the vote is taken at the Annual Meeting:

- by submitting a new proxy with a later date before the applicable deadline either signed and returned by mail or transmitted using the telephone or Internet voting procedures described in the “How to Vote” section above, in each case, prior to the Annual Meeting;
- by voting online at the Annual Meeting using the procedures described in the “How to Vote” section above; or
- by delivering a written revocation to our corporate secretary before the Annual Meeting.

If your shares are held in “street name,” you may submit new voting instructions by contacting your bank, broker or other nominee holding your shares. You may also vote online during the Annual Meeting, which will have the effect of revoking any previously submitted voting instructions, if you obtain a legal proxy from the organization that holds your shares and follow the procedures described in the “How to Vote” section above.

Your virtual attendance at the Annual Meeting, without voting online during the Annual Meeting, will not revoke your proxy.

Costs of Proxy Solicitation

We will bear the costs of soliciting proxies. In addition, we have retained Innisfree M&A Incorporated, a proxy solicitation firm, to assist in the solicitation of proxies for a fee of approximately \$25,000, plus reimbursement of certain costs and expenses. Our directors, officers and regular employees, without additional remuneration, may solicit proxies by mail, telephone, facsimile, email, personal interviews and other means.

Voting Results

We plan to announce preliminary voting results at the Annual Meeting and will publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days following the Annual Meeting.

Emerging Growth Company

We are an “emerging growth company,” as defined in the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. We may remain an emerging growth company until December 31, 2024, although if the market value of our common stock that is held by non-affiliates exceeds \$700 million as of any June 30 before that time or if we have annual gross revenues of \$1.235 billion or more in any fiscal year, we would cease to be an emerging growth company as of December 31 of the applicable year. We also would cease to be an emerging growth company if we issue more than \$1 billion of non-convertible debt over a three-year period.

PROPOSAL NO. 1—ELECTION OF THREE CLASS II DIRECTORS

Our board of directors currently consists of eight members. In accordance with the terms of our restated certificate of incorporation, our board of directors is divided into three classes (Class I, Class II and Class III), with members of each class serving staggered three-year terms. The members of the classes are divided as follows:

- the Class II directors are James Collins, James Geraghty, and Alex Sapir, and their term expires at the Annual Meeting;
- the Class III directors are Katina Dorton, Robert Gould and Kate Haviland, and their term expires at the annual meeting of stockholders to be held in 2025; and
- the Class I directors are Alan Ezekowitz and Sonja Banks, and their term expires at the annual meeting of stockholders to be held in 2026.

Upon the expiration of the term of a class of directors, directors in that class will be eligible to be elected for a new three-year term at the annual meeting of stockholders in the year in which their term expires.

Our restated certificate of incorporation provides that the authorized number of directors may be changed only by resolution of our board of directors. Our restated certificate of incorporation also provides that our directors may be removed only for cause and only by the affirmative vote of the holders of at least 75% of the votes that all our stockholders would be entitled to cast in an annual election of directors, and that any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office.

Our board of directors has nominated James Collins, James Geraghty, and Alex Sapir for election as Class II directors at the Annual Meeting. Proxies may not be voted for a greater number of persons than the number of nominees named in this proxy statement as only Class II is up for re-election at the Annual Meeting. Mr. Collins, Mr. Geraghty and Mr. Sapir are all presently directors, and have indicated a willingness to continue to serve as directors, if elected, and management has no reason to believe that such nominees will be unavailable to serve. In the event the nominees are unable or decline to serve as directors at the time of the Annual Meeting, the proxies will be voted for any nominee who may be designated by the present board of directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominees named below.

We have no formal policy regarding board diversity, but our Corporate Governance Guidelines provide that the value of diversity should be considered and that the background and qualifications of the members of our board of directors considered as a group should provide a significant breadth of experience, knowledge, and ability to assist our board of directors in fulfilling its responsibilities. Our priority in selection of board members is identification of members who will further the interests of our stockholders through their established records of professional accomplishment, the ability to contribute positively to the collaborative culture among our board members, knowledge of our business, understanding of the competitive landscape in which we operate and adherence to high ethical standards. Certain individual qualifications and skills of our directors that contribute to our board of directors' effectiveness as a whole are described in the following paragraphs.

Nominees for Election as Class II Directors

Biographical information as of March 31, 2024, including principal occupation and business experience during the last five years, for our nominees for election as Class I directors at our Annual Meeting is set forth below.

James J. Collins, Ph.D., age 58, has served on our board of directors since January 2017. Dr. Collins has served as the Termeer Professor of Medical Engineering and Science in the Institute for Medical Engineering and

[Table of Contents](#)

Science and the Department of Biological Engineering at MIT since December 2014. Prior to his joining MIT, from October 1990 to November 2014, Dr. Collins served as a professor in biomedical engineering at Boston University. Dr. Collins currently is on the board of directors of Senti Biosciences, Inc. Dr. Collins previously served on the board of directors of Orion Biotech Opportunities Corp. Dr. Collins received a B.A. in Physics from the College of the Holy Cross and a doctorate in Medical Engineering from the University of Oxford. From 1987 to 1990, he was a Rhodes Scholar. We believe Dr. Collins' extensive industry expertise qualifies him to serve on our board of directors.

James Geraghty, age 69, has served on our board of directors since July 2016. Mr. Geraghty is an industry leader with over 30 years of strategic and leadership experience. Mr. Geraghty currently serves as chairman of the board of directors of Pieris Pharmaceuticals, Inc., a publicly traded company, and as a member of the board of directors of Voyager Therapeutics, Inc., a publicly traded company. From May 2013 to December 2016, Mr. Geraghty was an Entrepreneur in Residence at Third Rock Ventures, LLC, or TRV, a leading biotech venture and company-formation fund. Ernst & Young LLP has served as our independent registered public accounting firm since 2017.

The audit committee is solely responsible for selecting our independent registered public accounting firm for the fiscal year ending December 31, 2024. Stockholder approval is not required to appoint Ernst & Young LLP as our independent registered public accounting firm. However, the board of directors believes that submitting the appointment of Ernst & Young LLP to the stockholders for ratification is good corporate governance. If the stockholders do not ratify this appointment, the audit committee will reconsider whether to retain Ernst & Young LLP. If the selection of Ernst & Young LLP is ratified, the audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time it decides that such a change would be in the best interest of our company and our stockholders.

A representative of Ernst & Young LLP is expected to virtually attend the Annual Meeting and will have an opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions from our stockholders.

Audit Committee Pre-Approval Policy and Procedures

Our audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by our audit committee or the engagement is entered into pursuant to the pre-approval procedure described below.

From time to time, our audit committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Our board of directors unanimously recommends voting “FOR” Proposal No. 2 to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024.

CORPORATE GOVERNANCE

Director Nomination Process

Our nominating and corporate governance committee is responsible for identifying individuals qualified to serve as directors, consistent with criteria approved by our board, and recommending the persons to be nominated for election as directors, except where we are legally required by contract, law or otherwise to provide third parties with the right to nominate director candidates.

The process followed by our nominating and corporate governance committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and our board. While there are no specific minimum qualifications for a committee-recommended nominee to our board of directors, the qualifications, qualities and skills that our nominating and corporate governance committee believes must be met by a committee-recommended nominee for a position on our board of directors are as follows:

- Nominees should have a reputation for integrity, honesty and adherence to high ethical standards.
- Nominees should have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to our current and long-term objectives and should be willing and able to contribute positively to our decision-making process.
- Nominees should have a commitment to understand our company and our industry and to regularly attend and participate in meetings of our board of directors and its committees.
- Nominees should have the interest and ability to understand the sometimes conflicting interests of our various constituencies, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders.
- Nominees should not have, nor appear to have, a conflict of interest that would impair the nominee's ability to represent the interests of all of our stockholders and to fulfill the responsibilities of a director.
- Nominees shall not be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability or any other basis proscribed by law. The value of diversity on our board of directors is considered.

The nominating and corporate governance committee may use a third-party search firm in those situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

Stockholders may recommend individuals to the nominating and corporate governance committee for consideration as potential director candidates. Any such proposals should be submitted to our corporate secretary at our principal executive offices and should include appropriate biographical and background material to allow the nominating and corporate governance committee to properly evaluate the potential director candidate and the number of shares of our stock beneficially owned by the stockholder proposing the candidate. The specific requirements for the information that is required to be provided for such recommendations to be considered are specified in our amended and restated bylaws and must be received by us no later than the date referenced below under the heading "Stockholder Proposals for our 2024 Annual Meeting."

Assuming that biographical and background material has been provided on a timely basis, any recommendations received from stockholders will be evaluated in the same manner as potential nominees proposed by the nominating and corporate governance committee. If our board of directors decides to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included on our proxy card for the next annual meeting.

Director Independence

Applicable Nasdaq rules require a majority of a listed company's board of directors to be comprised of independent directors within one year of listing. In addition, Nasdaq rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and compensation committee members must also satisfy the independence criteria set forth in Rule 10C-1 under the Exchange Act. Under applicable Nasdaq rules, a director will only qualify as an "independent director" if, among other things, in the opinion of the listed company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee, accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries or otherwise be an affiliated person of the listed company or any of its subsidiaries. In order to be considered independent for purposes of Rule 10C-1, the board must consider, for each member of a compensation committee of a listed company, all factors specifically relevant to determining whether a director has a relationship to such company which is material to that director's ability to be independent from management in connection with the duties of a compensation committee member, including, but not limited to: (1) the source of compensation of the director, including any consulting advisory or other compensatory fee paid by such company to the director; and (2) whether the director is affiliated with the company or any of its subsidiaries or affiliates.

In April 2024, our board of directors undertook a review of the composition of our board of directors and its committees and the independence of each director. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our board of directors has determined that each of our directors, with the exception of Mr. Sapir and Dr. Gould, is an "independent director" as defined under applicable Nasdaq rules, including, in the case of all the members of our audit committee, the independence criteria set forth in Rule 10A-3 under the Exchange Act, and in the case of all the members of our compensation and human capital management committee, the independence criteria set forth in Rule 10C-1 under the Exchange Act. In making such determination, our board of directors considered the relationships that each such non-employee director has with our company and all other facts and circumstances that our board of directors deemed relevant in determining his or her independence, including the beneficial ownership of our capital stock by each non-employee director. Dr. Gould was not an independent director under these rules because he was our interim president and chief executive officer through June 2023, and Mr. Sapir is not an independent director under these rules as he has been serving as our president and chief executive officer since July 2023.

There are no family relationships among any of our directors or executive officers.

Board Committees

Our board of directors has established an audit committee, a compensation and human capital management committee, a nominating and corporate governance committee and a science and technology committee. Each of the audit committee, compensation and human capital management committee, nominating and corporate governance committee and science and technology committee operates under a charter, and each such committee reviews its respective charter at least annually. A current copy of the charter for each of the audit committee, the compensation and human capital management committee, the nominating and corporate governance committee and the science and technology committee is posted on the "Corporate Governance" section of the "Investor Relations" section of our website, which is located at www.fulcrumtx.com. - meeting independently with our internal auditing staff, if any, our independent registered public accounting firm and management;
- reviewing and approving or ratifying any related person transactions; and
- preparing the audit committee report required by SEC rules.

All audit and non-audit services, other than *de minimis* non-audit services, to be provided to us by our independent registered public accounting firm must be approved in advance by our audit committee.

Our board of directors has determined that Katina Dorton is an "audit committee financial expert" as defined in applicable SEC rules and that each of the members of our audit committee possesses the financial sophistication required for audit committee members under Nasdaq rules. We believe that the composition of our audit committee meets the requirements for independence under current Nasdaq and SEC rules and regulations.

Compensation & Human Capital Management Committee

The members of our compensation and human capital management committee are Alan Ezekowitz, Sonja Banks and Katina Dorton, and Alan Ezekowitz serves as chair of the compensation and human capital management committee. The members of our nominating and corporate governance committee are James Geraghty and Kate Haviland, and Jim Geraghty serves as chair of the nominating and corporate governance committee. Board Diversity

We believe that it is important that our board of directors reflects the diversity of employees and the communities that we serve. Diversity is an important part of the process that our nominating and corporate governance committee follows when identifying nominees to serve as directors. As required by rules of the Nasdaq Stock Market, we are providing information about the gender and demographic diversity of our directors in the format required by Nasdaq rules.

The information in the matrix below is based solely on information provided by our directors about their gender and demographic self-identification as of April 19, 2024. Directors who indicated that they preferred not to answer a question are shown as “did not disclose gender” or “did not disclose demographic background” below.

Compensation Committee Interlocks and Insider Participation

During 2023, the members of our compensation and human capital management committee were Alan Ezekowitz, Sonja Banks, and Katina Dorton. None of our executive officers serves, or in the past year has served, as a member of the board of directors or compensation and human capital management committee, or other committee serving an equivalent function, of any other entity that has one or more of its executive officers serving as a member of our board of directors or our compensation and human capital management committee. None of the current members, or members serving during 2023, of our compensation and human capital management committee is, or has ever been, an officer or employee of our company.

Board of Director Meetings and Attendance

Our board of directors recognizes the importance of director attendance at board and committee meetings. The full board of directors met eight times during 2023. During 2023, each member of the board of directors attended

[Table of Contents](#)

in person or participated in 75% or more of the aggregate of (i) the total number of meetings held by the board of directors (during the period that such person served as a director) and (ii) the total number of meetings held by all committees of the board of directors on which such person served (during the periods that such person served).

Director Attendance at Annual Meeting of Stockholders

Our corporate governance guidelines provide that directors are responsible for attending the annual meeting of stockholders. All then-serving directors attended our 2023 annual meeting of stockholders.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted a current copy of the code on the “Corporate Governance” section of the “Investor Relations” section of our website, which is located at www.fulcrumtx.com. In addition, we intend to post on our website all disclosures that are required by law or Nasdaq listing standards concerning any amendments to, or waivers from, any provision of the code.

Corporate Governance Guidelines

Our board of directors has adopted corporate governance guidelines to assist the board of directors in the exercise of its duties and responsibilities and to serve the best interests of our company and our stockholders. These guidelines provide that:

- the principal responsibility of our board of directors is to oversee our management;
- a majority of the members of the board of directors must be independent directors, unless otherwise permitted by Nasdaq rules;
- the independent directors meet in executive session at least twice a year;
- directors have full and free access to management and, as necessary, independent advisors;
- new directors participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and
- our nominating and corporate governance committee will oversee an annual self-evaluation of the board to determine whether it and its committees are functioning effectively.

A copy of the corporate governance guidelines is available on the “Corporate Governance” section of the “Investor Relations” section of our website, which is located at www.fulcrumtx.com.

Board Leadership Structure and Oversight of Risk

Our corporate governance guidelines provide that the nominating and corporate governance committee shall periodically assess the board of directors’ leadership structure, including whether the offices of chief executive officer and chairman of the board of directors should be separate. Our guidelines provide the board of directors with flexibility to determine whether the two roles should be combined or separated based upon our needs and the board of directors’ assessment of its leadership from time to time. We do not currently have a lead independent director because the chairman of our board of directors is independent within the meaning of the Nasdaq listing rules.

We currently separate the roles of chief executive officer and chairman of the board of directors. Our president and chief executive officer is responsible for setting the strategic direction for our company and the day-to-day leadership and performance of our company, while the chairman of our board of directors presides over meetings

[Table of Contents](#)

of the board of directors, including executive sessions of the board of directors, and performs oversight responsibilities. Separating the duties of the chair from the duties of the chief executive officer allows our chief executive officer to focus on our day-to-day business, while allowing the chair to lead the board of directors in its fundamental role of providing advice to and independent oversight of management.

Specifically, our chair runs meetings of our independent directors, facilitates communications between management and the board of directors and assists with other corporate governance matters. Our board of directors believes that this structure ensures a greater role for the independent directors in the oversight of our company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of our board of directors. Our board of directors believes its administration of its risk oversight function has not affected its leadership structure. Our board of directors believes that we have an appropriate leadership structure for us at this time which demonstrates our commitment to good corporate governance. Although the roles of chair and chief executive officer are currently separate, our nominating and corporate governance committee and board of directors believe it is appropriate for our chief executive officer to serve as a member of our board of directors.

Risk is inherent with every business and how well a business manages risk can ultimately determine its success. We face a number of risks, including those described under “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2023. Our board of directors is actively involved in oversight of risks that could affect us. Our board of directors oversees our risk management processes directly and through its committees. Our management is responsible for risk management on a day-to-day basis and our board of directors and its committees oversee the risk management activities of management. Our board of directors satisfies this responsibility through full reports by each committee chair regarding the committee’s considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within our company. Our audit committee oversees risk management activities related to financial controls and legal and compliance risks. Our compensation and human capital management committee oversees risk management activities relating to our compensation policies and practices. Our nominating and corporate governance committee oversees risk management activities relating to board composition and management succession planning. Our science and technology committee assists our board of directors in its oversight of our research activities and provides input to management on decisions regarding research strategy. In addition, members of our senior management team attend our quarterly board meetings and are available to address any questions or concerns raised by the board on risk management and any other matters. Our board of directors believes that full and open communication between management and the board of directors is essential for effective risk management and oversight.

Anti-Hedging and Anti-Pledging Policies

Our insider trading policy expressly prohibits all of our employees, including our executive officers, and our directors from engaging in any purchases of financial instruments (including prepaid variable forward contracts, equity swaps, collars and exchange funds) that are designed to hedge or offset any decrease in the market value of our securities. Our insider trading policy also expressly prohibits such persons from purchasing our securities on margin, borrowing against our securities held in a margin account, or pledging our securities as collateral for a loan, although an exception may be granted in extraordinary situations where a person wishes to pledge our securities as collateral for a loan (other than a margin loan) and clearly demonstrates the financial capacity to repay the loan without resort to the pledged securities.

Compensation Recovery Policy

Our board of directors has adopted a compensation recovery policy, which became effective in November 2023. The compensation recovery policy establishes the circumstances and procedures under which we may recover erroneously awarded incentive-based compensation from our current or former executive officers in accordance with the Nasdaq listing standards and Rule 10D-1 under the Exchange Act. Specifically, we may recover

erroneously awarded incentive-based compensation (including cash or equity compensation) from our current or former executive officers under certain circumstances if we are required to restate our financial results due to material noncompliance with any financial reporting requirement under the securities laws. The policy is administered by our compensation and human capital management committee. The full text of the compensation recovery policy is included as Exhibit 97.1 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

Any interested party with concerns about our company may report such concerns to the board of directors, or the chairman of our board of directors, or otherwise the chair of the nominating and corporate governance committee, by submitting a written communication to the attention of such director at the following address:

Fulcrum Therapeutics, Inc.

A copy of any such written communication may also be forwarded to our legal counsel and a copy of such communication may be retained for a reasonable period of time. The director may discuss the matter with our legal counsel, with independent advisors, with non-management directors, or with our management, or may take other action or no action as the director determines in good faith, using reasonable judgment, and discretion.

Communications may be forwarded to all directors if they relate to important substantive matters and include suggestions or comments that may be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances, and matters as to which we tend to receive repetitive or duplicative communications.

EXECUTIVE AND DIRECTOR COMPENSATION

This section describes the material elements of compensation awarded to, earned by or paid to each of our named executive officers for 2023. Our named executive officers for 2023 were Alex Sapis, Robert J. Gould, Bryan Stuart, Alan Musso, Curtis Oltmans and Mel Hayes. This section also describes the material elements of compensation awarded to, earned by or paid to each of our non-employee directors.

This section also provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our executive officers and our directors and is intended to place in perspective the data presented in the tables and narrative that follow.

Executive and Director Compensation Processes

Our executive compensation program is administered by the compensation and human capital management committee of our board of directors, subject to the oversight and approval of our board of directors. Our compensation and human capital management committee reviews our executive compensation practices on an annual basis and based on this review approves, or, as appropriate, makes recommendations to our board of directors for approval of, our executive compensation program. In designing our executive compensation program, our compensation and human capital management committee considers compensation data for national and regional companies in the biotechnology/pharmaceutical industry provided by our independent compensation consultant to help guide its executive compensation decisions at the time of hiring and for subsequent adjustments in compensation. Since 2018, our compensation and human capital management committee has retained Aon's Talent Solutions practice, a division of Aon plc (formerly known as Radford), or Aon, as its independent compensation consultant, to provide comparative data on executive compensation practices in our industry and to advise on our executive compensation program generally. During 2023, our compensation and human capital management committee directly retained Aon to advise the compensation and human capital management committee on our compensation program for executive officers, which includes base salaries, annual performance-based cash incentives and equity incentive awards, and our compensation program for directors and Aon made recommendations with respect to the amount and form of executive and director compensation. Although our compensation and human capital management committee considers the advice and guidance of Aon as to our executive compensation program and our director compensation program, our compensation and human capital management committee ultimately makes its own decisions about these matters. In the future, we expect that our compensation and human capital management committee will continue to engage independent compensation consultants to provide additional guidance on our executive compensation programs and our director compensation programs and to conduct further competitive benchmarking against a peer group of publicly traded companies.

The compensation and human capital management committee reviewed information regarding the independence and potential conflicts of interest of Aon, taking into account, among other things, the factors set forth in the Nasdaq listing standards. Based on such review, the compensation and human capital management committee concluded that the engagement of Aon did not raise any conflict of interest.

Under its charter, the compensation and human capital management committee may form, and delegate authority to, subcommittees, consisting of independent directors, as it deems appropriate. During 2023, the compensation and human capital management committee did not form or delegate authority to such subcommittees. In addition, under its charter, the compensation and human capital management committee may delegate to one or more executive officers the power to grant options or other stock awards pursuant to our equity-based plans or as inducement awards to employees who are not directors or executive officers of the Company. During 2023, the compensation and human capital management committee delegated authority to the current chief executive officer to grant certain stock options to non-executive employees.

Compensation to executive officers and directors is subject to our policies, including anti-hedging and anti-pledging policies described under "— Corporate Governance" above.

Our director compensation program is administered by our board of directors with the assistance of the compensation and human capital management committee. The compensation and human capital management committee conducts an annual review of director compensation and makes recommendations to the board of directors with respect thereto.

Narrative to Summary Compensation Table

Business Performance. We are a clinical-stage biopharmaceutical company focused on improving the lives of patients with genetically defined rare diseases in areas of high unmet medical need. Some of our key results and milestones in 2023 are as follows:

- In January 2023, we completed a successful equity offering.
- In August 2023, the FDA lifted the full clinical hold on the IND for pociredir for the potential treatment of sickle cell disease (SCD). The Phase 1b clinical trial is being re-initiated at the 12 mg once daily dose level, with that cohort expected to enroll approximately 10 patients, followed by an additional cohort of 10 patients at the 20 mg once daily dose level.
- In September 2023, we completed enrollment in the REACH Phase 3 pivotal trial evaluating losmapimod in facioscapulohumeral muscular dystrophy (FSHD) in the United States, Canada and Europe.
- Collaboration revenue was \$2.8 million for the year ended December 31, 2023, as compared to \$6.3 million for the year ended December 31, 2022. The decrease of \$3.5 million was primarily due to the winding down of our collaboration agreement with MyoKardia, Inc., a wholly-owned subsidiary of Bristol-Myers Squibb Company.
- Net loss was \$97.3 million for the year ended December 31, 2023, as compared to a net loss of \$109.9 million for the year ended December 31, 2022.

Base Salary. We use base salaries to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our named executive officers. None of our named executive officers is currently party to (and prior to their respective departures, none of them were party to) an employment agreement or other

[Table of Contents](#)

agreement or arrangement that provides for automatic or scheduled increases in base salary. In January 2023, our board of directors increased Mr. Oltman's base salary by 4% to \$436,800, increased Mr. Hayes' base salary by 4% to \$471,200 and fixed Dr. Gould's compensation as interim chief executive officer at \$600,000 annually. In May 2023, in connection with the commencement of Mr. Sapir's employment, our board of directors set Mr. Sapir's base salary at \$650,000. In August 2023, in connection with the commencement of Mr. Musso's employment, our board of directors set Mr. Musso's base salary at \$450,000.

In January 2024, our board of directors set Mr. Sapir's 2024 annual base salary at \$650,000, Mr. Musso's 2024 annual base salary at \$457,500, Mr. Oltmans' 2024 annual base salary at \$454,000 and Mr. Hayes' annual base salary at \$471,200.

Annual Target Bonus. Our employment agreements with our named executive officers (other than Dr. Gould's letter agreement for services as our interim chief executive officer) provide that they will be eligible for annual performance-based bonuses up to a specified percentage of their salary, subject to approval by our board of directors. Performance-based bonuses, which are calculated as a percentage of base salary, are designed to motivate our employees to achieve annual goals based on our strategic, financial and operating performance objectives. The bonus may be in the form of cash, equity award, or a combination of cash and equity. From time to time, our board of directors has approved discretionary annual cash bonuses to our named executive officers with respect to their prior year performance. Our board of directors granted no discretionary annual cash bonuses in 2023.

The 2023 target bonus amounts, expressed as a percentage of annual base salary, for our named executive officers were 50% for Mr. Sapir, 40% for Mr. Musso, 40% for Mr. Oltmans and 40% for Mr. Hayes. Mr. Stuart was not eligible for a 2023 bonus given his January 2023 separation from service, nor was Dr. Gould under his letter agreement. The 2023 goals included development goals relating to advancing our product candidates for FSHD and SCD, research goals relating to maintaining a portfolio in rare muscle and hematology diseases, business operations goals relating to management of resources, and human resources goals relating to effective utilization and maximum development. The Committee does not assign a particular weighting to these goals, and instead evaluates achievement holistically when determining performance. Based on an assessment of our performance in the goals noted above, the Committee awarded payouts equal to 85% of target for each of our named executive officers other than Mr. Stuart and Dr. Gould. Accordingly, our board of directors awarded bonuses of \$150,000, \$61,700, \$148,600 and \$160,300 to Mr. Sapir, Mr. Musso, Mr. Oltmans, and Mr. Hayes, respectively, with Mr. Sapir's and Mr. Musso's bonuses pro-rated to reflect their respective employment start dates.

Equity Incentives. Although we do not have a formal policy with respect to the grant of equity incentive awards to our executive officers, we believe that equity grants provide our executives with a strong link to our long-term performance, create an ownership culture and help to align the interests of our executives and our stockholders.

In addition, we believe that equity grants with a time-based vesting feature promote executive retention because this feature incentivizes our executive officers to remain in our employment during the vesting period. Accordingly, our board of directors periodically reviews the equity incentive compensation of our named executive officers and from time to time may grant equity incentive awards to them. Our executive officers were awarded an initial equity award upon commencement of employment. These initial grants vest as to 25% of the shares underlying the award on the first anniversary of the commencement of employment and as to an additional 6.25% of the original number of shares underlying the award quarterly thereafter.

Additional equity awards may be granted periodically to specifically incentivize our executive officers to achieve certain corporate goals or to reward them for exceptional performance.

In 2023, the board of directors determined that equity would be granted to executive officers in the form of time-vested stock options. The board of directors believes this approach is appropriate because it aligns executive

[Table of Contents](#)

interests with those of shareholders by motivating shareholder value creation. The option awards that we have granted to our executive officers at times other than in connection with the commencement of employment, including those granted in 2023, typically become exercisable in equal quarterly installments over a term of four years from the applicable vesting commencement date. The number of stock options granted to executive officers was based in part on recommendations from Aon, our independent compensation consultant.

Vesting rights generally cease upon termination of service and exercise rights for options generally cease shortly after termination, although in connection with a separation of service, we may agree to extend the post-termination exercise period. For example, in connection with our mutual agreement with Mr. Stuart in January 2023 that he would transition from his role as president and chief executive officer with immediate effect, we agreed to an extended exercise period (18-months) for his vested and unexercised options following the January 2, 2023 separation from service, which resulted in the incremental fair value reported in the Summary Compensation Table under “Option Awards”.

See “—Outstanding Equity Awards at December 31, 2023” for information regarding equity awards granted to our named executive officers that remained outstanding as of fiscal year end.

Outstanding Equity Awards at December 31, 2023

The following table sets forth information regarding all outstanding stock options held by each of our named executive officers as of December 31, 2023. Employment Agreements

We entered into written compensation agreements with each of our named executive officers. Generally these agreements were employment agreements that set forth the terms of the executive officer’s compensation, including base salary and annual performance bonus opportunity prior to their respective resignations. In addition, the agreements provided that, subject to eligibility requirements under the plan documents governing

[Table of Contents](#)

such programs and our policies, the executive officers were eligible to participate in company-sponsored benefit programs that are generally available to all of our similarly-situated employees. For Dr. Gould, we entered into a letter agreement effective January 3, 2023 providing for annual salary of \$600,000, paid \$50,000 monthly to cover his service as our interim chief executive officer. Each executive officer was also eligible to receive equity awards at such times and on such terms and conditions as the board of directors may have determined. Annual base salaries and bonus target percentages were reviewed by our compensation and human capital management committee and the board of directors on an annual or more frequent basis and were subject to change in the discretion of our board of directors or compensation and human capital management committee. See “—Narrative to Summary Compensation Table” for the 2023 annual base salaries, 2023 target bonus percentages, and the actual 2023 bonus payouts.

Potential Payments upon Termination or Change in Control

The employment agreements and the employment of Mr. Sapir, Mr. Musso, Mr. Oltmans and Mr. Hayes may be (and of Mr. Stuart could have been) terminated as follows: (1) upon the death or “disability” (as disability is defined in the applicable employment agreement) of such executive officer; (2) at our election, with or without “cause” (as cause is defined in the applicable employment agreement); and (3) at such executive officer’s election, with or without “good reason” (as good reason is defined in the applicable employment agreement). Dr. Gould’s letter agreement for his service as interim chief executive officer did not provide for any severance or change in control benefits.

Alex Sapir

Mr. Sapir was appointed as our president and chief executive officer, effective July 1, 2023. In connection with his appointment as our president and chief executive officer, Mr. Sapir entered into an employment agreement with us, providing for, among other things, the following severance benefits.

In the event of the termination of Mr. Sapir’s employment by us without cause, or by him for good reason, prior to or more than 18 months following a “change in control” (as change in control is defined in his employment agreement), and following the one year anniversary of the start date, Mr. Sapir is entitled to his base salary that has accrued and to which he is entitled as of the termination date and other accrued benefits, collectively, the accrued obligations. In addition, subject to his execution and nonrevocation of a release of claims in our favor and his continued compliance with his non-solicitation, confidential information and assignment of inventions agreement and any similar agreement with us, he is entitled to (1) continued payment of his base salary, in accordance with our regular payroll procedures, for a period of 18 months, (2) provided he is eligible for and timely elects to continue receiving group medical insurance under COBRA and the payments would not result in the violation of nondiscrimination requirements of applicable law, payment by us of the portion of health coverage premiums we pay for similarly-situated, active employees who receive the same type of coverage, for a period of up to 18 months following his date of termination, (3) a lump sum payment equal to 150% of his target bonus for the year in which his employment is terminated or, if higher, his target bonus immediately prior to the change in control and (4) full vesting acceleration of his then-unvested equity awards that vest solely based on the passage of time that would otherwise vest during the 18-month period following the termination date, such that his time-based equity awards become fully exercisable and non-forfeitable as of the termination date.

In the event of the termination of Mr. Sapir’s employment by us without cause, or by him for good reason, within 18 months following a change in control, Mr. Sapir is entitled to the accrued obligations. In addition, subject to his execution and nonrevocation of a release of claims in our favor and his continued compliance with his non-solicitation, confidential information and assignment of inventions agreement and any similar agreement with us, Mr. Sapir is entitled to (1) continued payment of his then-current base salary (or, if higher, his base salary in effect immediately prior to the change in control), in accordance with our regular payroll procedures, for a period of 27 months, (2) provided he is eligible for and timely elects to continue receiving group medical insurance under COBRA and the payments would not result in the violation of nondiscrimination requirements of

Employee Non-Solicitation, Confidentiality and Assignment of Inventions Agreements

In connection with the employment agreements, each of our named executive officers has entered into a standard form agreement with respect to non-solicitation, confidential information and assignment of inventions.

Under their respective agreements, each named executive officer has agreed that we own all inventions that are developed by such executive officer during his employment with us that (i) are related to our business or our customers or suppliers or any of our products or services being researched, developed, manufactured or sold by us or which may be used with such products or services, (ii) result from tasks assigned to the executive officer by us or (iii) result from the use of our premises or personal property (whether tangible or intangible) owned, leased or contracted for by us. Each named executive officer also agreed to provide us with a non-exclusive, royalty-free, paid-up, irrevocable, worldwide license for any prior inventions that such executive officer incorporates into any of our products, processes, machines or other works, in the course of such executive officer's employment with us. Under their respective agreements, each named executive officer has further agreed not to solicit our employees, consultants, customers, business or prospective customers during his employment and for a period of one year after the termination of his employment, and to protect our confidential and proprietary information indefinitely.

401(k) Plan

We maintain a defined contribution employee retirement plan for our employees, including our named executive officers. The plan is intended to qualify as a tax-qualified 401(k) plan so that contributions to the 401(k) plan, and income earned on such contributions, are not taxable to participants until withdrawn or distributed from the 401(k) plan (except in the case of contributions under the 401(k) plan designated as Roth contributions). Under the 401(k) plan, each employee is fully vested in his or her deferred salary contributions and our discretionary match. Employee contributions are held and invested by the plan's trustee as directed by participants. The 401(k) plan provides us with the discretion to match employee contributions. We match 100% of the first 2% that an employee contributes to the 401(k) plan, and 50% on the next 4% that an employee contributes to the 401(k) plan. Matching contributions are 100% vested immediately.

The chairman of the board and of each committee receive additional retainers for such service. These cash retainer fees are payable in arrears in four equal quarterly installments on the last day of each quarter, provided that the amount of such payment is prorated for any portion of such quarter that the director is not serving on our board of directors. Each of these options vests as to 2.7778% of the

[Table of Contents](#)

shares of our common stock underlying such option at the end of each successive one-month period following the grant date until the third anniversary of the grant date, subject to the non-employee director's continued service as a director. Further, on the date of the first board meeting held after our 2023 annual meeting of stockholders, each non-employee director that served on our board of directors for at least six months received an option under the 2019 Plan to purchase 30,000 shares of our common stock under the 2019 Plan. Each of these options vests with respect to all of the shares underlying such option on the first anniversary of the grant date or, if earlier, immediately prior to the first annual meeting of stockholders occurring after the grant date, subject to the non-employee director's continued service as a director.

All options issued to our non-employee directors under our director compensation program are issued with exercise prices equal to the fair market value of our common stock on the Nasdaq Global Market on the date of grant and will become exercisable in full upon specified change in control events.

Indemnification Agreements

Our certificate of incorporation provides that we will indemnify our directors and officers to the fullest extent permitted by Delaware law. In addition, we have entered into indemnification agreements with all of our directors and executive officers. These indemnification agreements may require us, among other things, to indemnify each such director or executive officer for some expenses, including attorneys’ fees, judgments, fines and settlement amounts incurred by him or her in any action or proceeding arising out of his or her service as one of our directors or executive officers.

Policies and Procedures for Related Person Transactions

Our board of directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which our company is a participant, the amount involved exceeds (i) the lesser of (x) \$120,000 and (y) 1% of our average total assets at year end for the last two completed fiscal years, if we are a “smaller

reporting company” under applicable SEC rules, or (ii) \$120,000, if we are not a “smaller reporting company” under applicable SEC rules, and one of our executive officers, directors, director nominees or 5% stockholders, or their immediate family members, each of whom we refer to as a “related person,” has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a “related person transaction,” the related person must report the proposed related person transaction to our general counsel. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by our audit committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the audit committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chair of the audit committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the audit committee after full disclosure of the related person’s interest in the transaction. As appropriate for the circumstances, the audit committee will review and consider:

- the related person’s interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person’s interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

Our audit committee may approve or ratify the transaction only if it determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, our best interests. Our audit committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC’s related person transaction disclosure rule, our board of directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

- interests arising solely from the related person’s position as an executive officer of another entity, whether or not the person is also a director of the entity, that is a participant in the transaction where the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction and the amount involved in the transaction is less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; and
- a transaction that is specifically contemplated by provisions of our certificate of incorporation or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by our compensation and human capital management committee in the manner specified in the compensation and human capital management committee's charter.

The table is based upon information supplied by our officers, directors and 5% stockholders and/or a review of Schedules 13D and 13G documents filed with the SEC, if any, and other sources. Except as otherwise noted, the persons and entities in this table have sole voting and investing power with respect to all of the shares of our common stock beneficially owned by them, subject to community property laws, where applicable. Except as otherwise set forth below, the address of the beneficial owner is c/o Fulcrum Therapeutics, Inc., 26 Landsdowne Street, Cambridge, Massachusetts 02139.

HOUSEHOLDING

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of our documents, including the Notice of Internet Availability of Proxy Materials or, if requested, the 2023 Annual Report and proxy statement, may have been sent to multiple stockholders in your household unless you have requested otherwise. We will promptly deliver a separate copy of any of the above documents to you if you write or call us at Fulcrum Therapeutics, Inc., 26 Landsdowne Street, Cambridge, Massachusetts 02139, Attention: Corporate Secretary, telephone: (617) 651-8851. If you want to receive separate copies of the Notice of Internet Availability of Proxy Materials, proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

STOCKHOLDER PROPOSALS FOR OUR 2025 ANNUAL MEETING

A stockholder who would like to have a proposal considered for inclusion in our 2025 proxy statement must submit the proposal in accordance with the procedures outlined in Rule 14a-8 of the Exchange Act so that it is received by us no later than December 25, 2024. However, if the date of the 2025 annual meeting of stockholders is changed by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before we begin to print and send our proxy statement for the 2025 annual meeting of stockholders. SEC rules set standards for eligibility and specify the types of stockholder proposals that may be excluded from a proxy statement. Stockholder proposals should be addressed to Fulcrum Therapeutics, Inc., 26 Landsdowne Street, Cambridge, Massachusetts 02139, Attention: Corporate Secretary. We also encourage you to submit such proposals via email to info@fulcrumtx.com.

Table of Contents

If a stockholder wishes to propose a nomination of persons for election to our board of directors or present a proposal at an annual meeting but does not wish to have the proposal considered for inclusion in our proxy statement and proxy card, our amended and restated bylaws establish an advance notice procedure for such nominations and proposals. Stockholders at an annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of the board of directors or by a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered timely notice in proper form to our corporate secretary of the stockholder's intention to bring such business before the meeting.

The required notice must be in writing and received by our corporate secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. However, in the event that the date of the annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the preceding year's annual meeting, a stockholder's notice must be so received no earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (A) the 90th day prior to such annual meeting and (B) the tenth day following the day on which notice of the date of such annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever first occurs. For stockholder proposals to be brought before the 2025 annual meeting of stockholders, the required notice must be received by our corporate secretary at our principal executive offices no earlier than February 17, 2025 and no later than March 19, 2025.

In addition, in order to comply with the universal proxy rules, if you intend to solicit proxies in support of director nominees other than our nominees, you must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than April 18, 2025. You are also advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

The chair of the annual meeting may determine, if the facts warrant, that a matter has not been properly brought before the meeting and, therefore, may not be considered at the meeting. In addition, the proxy solicited by our board of directors for the 2025 annual meeting will confer discretionary voting authority with respect to any proposal (i) presented by a stockholder at that meeting for which we have not been provided with timely notice and (ii) made in accordance with our bylaws, if (x) the 2025 proxy statement briefly describes the matter and how management's proxy holders intend to vote on it, and (y) the stockholder does not comply with the requirements of Rule 14a-4(c)(2) promulgated under the Exchange Act.

OTHER MATTERS

Our board of directors does not know of any other matters to be brought before the Annual Meeting. If any other matters not mentioned in this proxy statement are properly brought before the meeting, the individuals named in the proxy intend to use their discretionary voting authority under the proxy to vote the proxy in accordance with their best judgment on those matters.
